

INSTALLATION AND MAINTENANCE INSTRUCTIONS

IM-8-001-US

September 2011

SAVE AND DISPLAY PROMINENTLY WHERE THIS EQUIPMENT IS USED

WARNING

**HIGH PRESSURE AND HOT LIQUID SPRAYS CAN CAUSE
SERIOUS BODILY INJURY.**

NEVER

- Never allow children or unauthorized personnel to handle equipment.
- Never put your hand or fingers in front of nozzle.
- Never point nozzle at your body — or anyone else.
- Never leave hosedown station unattended without releasing pressure.
- Never use mechanical means to hold trigger in open position.

**BEFORE
spraying and during
spraying**

ALWAYS

- Before pulling trigger hold nozzle firmly.
- Adopt a proper body stance to anticipate high recoil force by spray nozzle.
- Exercise care and caution when spraying.
- When spraying hot liquids avoid hand or body contact with non-insulated parts of the nozzle.
- Wear protective clothing including heavy-duty insulated gloves, boots, aprons and safety glasses.

**BEFORE removing nozzle — OR —
attempting service or maintenance**

ALWAYS

- Stop spraying before becoming fatigued.
- 1. Shut off steam and water supplies.
- 2. Discharge contents of hose and nozzle to eliminate pressure.
- 3. Reference section 3.3 of IM-8-002-US for proper shutdown procedures.

- Follow the manufacturer's recommendations for maximum pressures, periodic cleaning, maintenance and parts replacement procedures.
- Do not operate the equipment if there are any leaks from spray nozzle, fittings, or hoses. High pressure leaks can penetrate the skin causing serious injury.

STAY SAFE!
